

## Latest On Vice President Aliu Mahama's Death: Did Nana Kwaku Bonsam Warn Ghana About High Profile Deaths ?

As Ghana mourns the former Vice-President Aliu Mahama today, one Ghanaian who is grieving heavily in far away United States of America is Ghana's spiritual consultant and traditional medical doctor, Nana Kwaku Bonsam. Nana who is very disturbed about the tragedy of high profile deaths in Ghana, a problem of which he made a prophecy about it when he was in Ghana following the death of Professor Atta Mills has expressed concern about our leaders' inaction towards supporting traditional rites to counter such spiritual calamity.

Nana Kwaku Bonsam made this observation at the United Nations in New York where he was attending a conference on International Day for Tolerance and used the opportunity to support TIBET's 'Human Rights Violation Demonstration and Protest against China and the UN. (Tibet is a small Asian nation under occupation by mainland China).

In an interview with the representative of the PREKESE GhanaMedia Inc, Begyedom Katakyie, Nana Kwaku Bonsam said it is very said that the leaders have paid deaf ears to many spiritual revelations that many men of psychic or paranormal abilities about our nation, Ghana. He said, he personally spoke on one of the Tema Based Adom FM's Morning Shows following the death of President Atta Mills and told Ghanaians that a revelation from his deity, Kofi ooo Kofi is that President Mills sudden death earned him a ghostly title of being "SAMANTWENTWEN". In his own words, he said as "Samantwentwen" late President will come for 2 high profile people in Ghana specifically predicting that one would die before the elections and the other after the elections.

The question is why is it that the government is not listening or heeding the spiritual intervention calls from these powerful spiritual masters when Nana Kwaku Bonsam has a reputation of having predicted many important incidents, events that cut across Social Life, Politics, Sports and in Music. To help readers to connect with some of the celebrity predictions, we present you with a prediction he made about the United States of America's recent elections:

"Nana Kwaku Bonsam, a Psychic Master and Spiritual guru from Ghana, West Africa currently visiting the United States has confidently predicted a win for Barrack Obama in the US elections scheduled officially for today 06/11/12.

Nana Kwaku Bonsam who is making waves in the US with his services to the Ghanaian communities via his deity Kofi ooo Kofi took time off his busy schedules at his base in Bronx, New York to speak to the PREKESE GhanaMedia correspondent in the US, Begyedom Katakyie Adansi-Prekese. Nana who has met many top politicians in New York including Mayor Ernest Davis of Mount Vernon was very confident in his prophecy. In the interview, Nana Kwaku Bonsam who is a chief himself said that leadership position is something that works in line with nature. He said that for anyone to be appointed or elected into any position of authority, the person's destiny plays an important role. This is why he is predicting victory for Barrack Obama because it is in

his destiny. He said though Romney poses a great threat to his Presidency, Obama will still come out victorious.

Nana Kwaku Bonsam is therefore calling on all people of color including all black people to turn up in great numbers to help elect Obama to continue his work as the President of America."

The above prediction which was about the US elections held about three weeks ago produced President Barrack Obama as the winner and we are all witnesses that it came to pass. With the accuracy in which Nana's predictions come to pass, our question is WHY IS THE GOVERNMENT not doing anything to mobilize spiritual interventions in this spiritual warfare. Are we waiting for another high profile death after the elections before we take action?
